To my dear Felicia...As you have graduated and turned into a woman, my wish for you as a Mother, is always reach for the stars and be all you can be. We as a family, are proud of you. This is a very hard world and we know you can be strong. You can achieve anything you truly put your heart into. We have faith in you to continue your education and of course be a wonderful parent. God bless you.

Pain at the Pump

This was the price of gas December 7, 2007. This is what seniors paid for gas during the winter break.

How much did it cost the new graduates to fill their new tanks during the summer break?

The month of June started out at \$3.89 a gallon and went as high as \$3.99 my mid-month.

Tips for getting better gas mileage:

- 1. Fuel in the morning when the ground temp. is cooler.
- 2. Engage the gas noozle at slow mode not on the fastest mode.
- 3. Check tire pressure.
- 4. Change the air filter regularly.
- 5. Avoid drive thru's at peak hours.
- 6. Ease up on the accelerator when taking off.
- 7. Empty the trunk.
- 8. Be sure your gas cap is on tight.
- 9. Use the right octane level for your car.
- 10. Plan your errands and your driving route.
- 11. Car pool when possible.
- 12. Ditch the SUV.
- 13. Commute early/commute late to avoid rush hours when in larger cities.
