EDITOR'S NOTE

Mary Ann Geisler, 1962 TROJAN Editor

Every year in our life may be compared with the aging of a fine wine. We begin with zeal and zest and as time passes we become mellower and wiser. Each year in our life, when tempered with sadness, joy, activity, hardship, tact, and time, becomes a memory which will prevail and endure, teaching us in later years. We do not live a day for the sake of living it, but rather to see how much we can learn and do in one day. This has been the goal of great men through the ages. The 1962 TROJAN is an endeavor to make an accurate record which might in future years allow one to look back and say, "I have learned since then," or "These years helped to shape my future." It has been a learning experience for me as Editor of the TROJAN to work with this student body and the staff that I have had. I would like to express my appreciation to everyone that has helped to make this year the great one that it has been and hope that this TROJAN will be one that brings a glowing light to your mind's memory.

Sincerely yours,

Mary Ann Geisler

DEDICATION

Mrs. Brazel Dougherty

Mrs. Dougherty works at yearbook activities.

Accepting a task and doing it well, meeting each day with a smile and a feeling that one will face a test and overcome it, qualities such as these are endearing ones possessed by Mrs. Brazel Dougherty, TROJAN sponsor, bookkeeping, and secretarial training teacher. All can say that working with Mrs. Dougherty is not only enjoyable, but is worth-while. To Mrs. Dougherty, who faces each test and emerges the victor, the members of the TROJAN staff dedicated the 1962 TROJAN yearbook.

Members of the staff and Mrs. Dougherty look over the 1961 TROJAN.

BOARD OF EDUCATION

SITTING, left to right: S. R. Wofford, James Riggle, Alfredo Moreno, Jr., Edwin Tumipseede. STANDING, left to right: Bob Adkins, Rocky Reagan, Jr., President William Cude.

Working to provide the best education possible for A. C. Jones students is not always an easy task. The members of the Board work diligently to establish and maintain high educational facilities. Their service has proved invaluable to the Beeville Independent School District. For a difficult task, well done, the Trojan Staff salutes the Beeville Board of Education.

ADMINISTRATION

Thy word shall be a lamp unto my feet and a light
unto my path. . . . Psalms 118

A Shining Light for All to See

Leading and guiding Beeville Public Schools is the duty of Superintendent A. A. Roberts. He has faithfully served Beeville since 1957. Through his work and efforts, we have a new wing and many other advanced educational facilities. For improving and directing our education so capably, we owe a big, "Thank-you," to Mr. A. A. Roberts, Superintendent of Beeville Schools.

MR. A. A. ROBERTS, Superintendent of Beeville Schools

Each day of your life is like a pebble tossed into a pond. You cannot keep a ripple from being formed, but you can give that ripple purpose. You may never know who was influenced by it, for it touches all the lives around you. The ripple may be caused by an aimless or purposeful toss. The one caused by an aimless toss goes to rest as it reaches the bank and is never recorded as having existed. The one caused by a purposeful toss is harnessed into power as it suits the purpose of its creator and becomes a force to be directed into action.

Are you aimlessly struggling to the nearest bank upon which to rest? You can be the harnessed power upon which your ambitions and aspirations depend for development.

A. A. Roberts

Lighting Our Torch of Learning

"A loyal and understanding friend" are words which describe Principal Lester W. McCoy. His school spirit, coupled with his desire to be a friend to all, has earned him the respect and admiration of everyone that knows him. Trojans feel more secure with the knowledge that a helpful hand is always near. It is a privilege to be under the guidance of Principal LESTER W. McCOY.

Jimmy -

To the most wonderful person I know.
I really mean it! Even though you
lead a corrupt life I still love little
ole Jim Bob. Jimmy, dating you has
been my pleasure and mine alone.
You've helped make my Jr. year much
more enjoyable. Without you and
your corrupt sayings I doubt if I could
have made it.

I guess you know by now how much
you mean to me. Like I told you, there
are a lot of things I'd like to tell you
but there some things that can't be
revealed until **Congratulations**
express in words. **and Best Wishes**
I hope maybe you understand.

Seniors of 1962
It has been our pleasure
to extend similar greetings
to each class of Graduates
in Beeville since 1890.

There's wishing all the rewards
life has to offer to someone who really
deserves them. I feel sure you will
go a long way in life if you try.
Remember, you only get out of life
what you put in to it.

All my love - all of it
to you,

Be Nice!!
