Editors’

We have really enjoyed this past year and had a lot of fun working on the yearbook. There has been some conflicts, can anyone say “riot,” but this has been the most memorable year we have spent at A.C. Jones. To those students that left Yearbook Class half-way through the year we have two things to say, “Smart move and we have
Message

missed you A LOT!!!” To those seniors that are moving on to bigger and better things we wish you the best of luck. For those of you that remain in Trojan Country the day will come soon when you can escape! We appreciate all the hard work the Yearbook Staff put into the yearbook.

Thank you,

Editor's Note

I've thought about the question, "If you had it all to do over again, would you?" (This question is related to being the Yearbook Editor.) This is no easy question to answer. All of the trouble that comes with a new teacher and the class dwindling in size throughout the year proven to be a real headache to me and to the rest of the staff. But everything isn't as bad as it might sound. The students who made the choice to stay for the whole year have been a great joy to work with, and the teacher, Mr. Ford, has also been a great help. So to answer the question, "If you had it all to do over again, would you?" I would have to say, yes, I would do it all over again. I would like to especially thank Mrs. Snyder for helping out even though she wasn't under any obligation to do so; it was greatly appreciated.

ENJOY THE YEARBOOK,

Jeffrey McCullum
