Celebrating the years in hard covers, color photos, and black and white yet to tell the stories of Trojan greatness

75th edition
A celebration is a great time to understand new things and new feelings. So much has happened this year. We moved into a new addition, a new high school. For all Trojans - students and staff, former and current - now is a time to look back and celebrate the past in the present.

As we remember the past and look forward to future, we sometimes forget to celebrate the present - friendships, new things that happen or a high grade in class. As you hold this memory book and remember the past, celebrate the present as you look forward to the future.
OF OUR TIME

It has been a year of change and building. But the biggest difference that came out of all the new is that in the end, we have been able to celebrate the year together.

Senior Spirit: Homecoming 2004

Seniors put tremendous thought and preparation into the Halloween halftime show. Creative costumes and an authentic rendition of Michael Jackson’s classic ‘Thriller’ video dance of the dead made the show memorable for audience members and musicians alike. The annual season show is anticipated by members of the marching band from the fine upper school. It began freshman year.

Dr. John Hardwick Teaches a New Lesson

You know a person by the things he does, not just the things he says. That may have been an underlying message Dr. John Hardwick wanted Beeville to know when he took the job of superintendent in September. Dr. Hardwick signed the contract beginning his employment with the district after presenting a science lesson in one of JHS Science Department Chair Bennie Belev's classes. Students enjoyed the lesson, and board members enjoyed watching the new school official in action.

Membership has its privileges, responsibilities

Hitting the books hard pays off big time each spring when the local chapter of the National Honor Society inducts new members. The organization grew last year to its largest membership yet with the spring induction of sophomores, juniors and a few graduating seniors. During the year while students are working to get to the top of their classes, they help younger students and provide a number of community service projects to help promote learning and achievement. The organization is sponsored by English teachers Louanne LeBourveau and Gina Latcham.

ENDING ON A HIGH

Varsity football players, coaches and fans learned just how sweet victory could be as they savored a pair of season-ending wins at home over teams from San Antonio Highlands and San Antonio Southside. After beating Robstown in the season opener, Trojans dove head first into play against teams that were ready to meet and beat them. Each week, freshmen athletes met opponents with success while varsity and junior varsity players remained intent on finishing the season strong. Through hard work and discipline, the team learned first downs and extra points come to those who refuse to let anyone or anything take from them what they had worked so hard to earn.

FOOTBALL 77
The Lady Trojan volleyball teams had a season of rebuilding in 2004 with players and coaches learning patience, discipline and the value of a solid work ethic. The freshman team ended the season with the most successful record at 7 wins, 5 losses in district and 12 wins, 8 losses overall. The JV worked to post 4 wins although they were defeated in all district contests. Varsity players completed the season of competition with 10 wins and 16 losses.

Head Volleyball Coach Kelly Boswell noted the highlight of the varsity season when the team beat Yorktown to win third place in the Sinton tournament. She expects next year's team to give 100 percent of themselves all the time, quit accepting defeat and step up to start a winning tradition.

Freshman Coach Stella D'Amore saw highlights in each player. Anytime someone accomplished something she was unable to do before the season started, the team celebrated a small success. She plans to work more on offense next year instead of focusing on defense primarily.

With the season done, sighs exhaled and uniforms turned in, players can anticipate greater expectations and more work to achieve the goal of winning.

**NEW YEAR, NEW TEAM**

The Trojan Cross Country team had a new look of strength this season. Returning runners included seniors Andrea Vasquez, Sarah Chincarini and Bobby Dominguez as well as junior Lee Garza. New team members were junior Felicia Soza and freshmen Erika Kennedy-Garcia, Cody Belcher-Orrell, Josh Rincon and C.J. Rodriguez.

Prior to competing at the district meet, the team ran at invitational meets held in Pleasanton, San Marcos, the University of Texas at San Antonio and other locations. All the practice paid off at district. Felicia Soza claimed the varsity girls championship and qualified for regionals with a time of 12:44. Josh finished as the JV district champion, and Erika and C.J. were JV district runners-up.

Coach Lisa Black, in her first year at A.C. Jones, said the district meet was the team’s highlight this year. Her goals for the 2005 team include increased participation and the district title.

LONGTIME COACH SEES LAST SEASON

As always, the 2004-05 Trojan Basketball teams were full of talented, hard-working players. This year was special, however, because it was Coach Mike Luce's last season as head basketball coach, a job he held for 19 years. Coach Luce made a big impact at school and in the lives of his players. "He always found a way to make basketball fun," player Jacob Almeida said. Other student players said most of the basketball players of this generation had known Coach Luce and looked forward to playing for him many years before they got to high school. Coach Luce was assisted by JV Coach Jesse Baez and Freshman Coach Lamont Mayberry.

MAKE PLAYOFFS

The Lady Trojan Basketball team worked hard in 2004-05 to win pre-district and district games. That hard work paid off in a trip to the playoffs. While the team fought hard against a tough Calallen team, they lost the contest to advance beyond bi-district play. Coaches Tiffany Jones, Jackie Bowman and Krystal Roddy pushed the girls in practices to perfect skills, learn to react to opponents, and make the shots. Off the court, the girls worked in the weight room to build strength and in the classroom to keep grades up. With a sweet taste of success but a hunger for more, the girls tuned in their equipment at the end of the season with their eyes set on next year.

SOFTBALL PLAYERS GOT GAME

Lady Trojan softball players know that February means business - not Valentine's business or even spring break planning but getting gritty in the diamond. Each year, softball season begins with chilly practices and lots of sweat. The girls work to earn positions that they've dreamed of holding since they first picked up a bat and glove in Little League. Because so many of the students have played since they were old enough to smack a tee and chase a grounder in the t-ball field, the competition to make varsity gets tough. That competitive spirit yields a strong group of players who come together as a team striving for victory.

This year, the hard work paid off as eight of the girls were recognized with post-season honors. Daniella Villareal earned all-district newcomer of the year honors. Marissa Ramirez was named to the first team of all-district softball players for her work as the varsity catcher. Annette Castillo and Melanie Gonzalez made the list of second team all-district players as center fielder and first base positions, respectively. Four more Lady Trojans received honorable mention all-district accolades. They were Crystal Benavidez for left field, Lauren Flores for right field, Karoline Kremers for second base and Vicky Sanchez for short stop. The team is coached by Adolfo Dominguez and Larry Lollar.

The runs had to come in if the Lady Trojans were going to win. Tremendous effort on part of all players made the difference in close contests.

Solid pitching makes every game easier. Luckily, the Lady Trojans had a solid pitching crew.

JHS Dazzlers

The only senior, Deborah Mancias (above), performs her last show of the season.

Dazzlers perform a 'Thriller' of a performance during the Halloween halftime show (above). The show was remembered and talked about all year.

The three officers smile big on a chilly night. They are returning from an excellent halftime show.

Sophomore Jessica Pruneda (below) is prepared to cheer the Trojans on, as they get ready to storm out of their tunnel.

Dazzlers perform a dance at a Friday afternoon pep rally (right). The girls enjoy a couple of laughs as they warm up.
Mascot Kyle Sullivan, a junior, does a great job of exciting the crowd.

Junior Alex Chamberlain shows her spirit by yelling with the crowd.

Senior Danielle Gamez jumps the crowd for the varsity football team.

Senior Ana Alyse Oltavores helps chant a high energy cheer to support the Trojans.

Senior Vanessa Valdez is stunned by a dramatic play.

Time for a Cheer

The A.C. Jones cheerleading squads have improved in many ways during the 2004-05 school year. The girls and guys work hard to make each routine the best every time they perform. They have surpassed the expectations their peers set for them and left crowds of teenagers and adults speechless. They continue to show their enthusiasm and outstanding school spirit with fresh performances indoors and out. Cheerleaders can be heard performing at football, volleyball, basketball, soccer, baseball and softball games.

The junior varsity squad gives an excellent performance at the pep rally (above left photo).

All Trojan cheerleaders cheer for an outside rally.

(Above, left to right) Victoria Flores, Keleigh Beck, Jennifer Garcia, Audrey Dominguez, and Rosanne Flores take a rest during a game.

Annual Awards 113
Powder Puff 2005

The annual battle of the juniors vs. seniors with a feminine twist brought out the very best in female football players and male cheerleaders doing their best imitations of the traditional roles.

Injuries were low and the fun they had was at an all time high in the flag football game.
Fischer, Dominguez receive bells

Students presented Bell Awards to Beeville ISD school board member and private math tutor Laura Fischer and JHS teacher and coach Adolfo Dominguez. The tradition is one in which graduating seniors write essays nominating educators who have made tremendous impacts in their lives and in their educations. The winners are awarded bells at graduation each year. Strict confidentiality makes the honor a special surprise.

The 2005 edition of The Trojan is lovingly dedicated to the memory of Rene Contreras. Contreras taught Spanish at A.C. Jones High School prior to his death over the Thanksgiving break. He was killed in a car accident while returning to Beeville after visiting his family in the Valley.

Dedication & Colophon

The 75th volume of The Trojan was published by the 4th Period Yearbook class with the assistance of Adviser Melissa Holubec. The 200 copies were printed on 80-pound enamel paper by Taylor Publishing Company in Dallas, Texas.

The cover is a custom design four-color lithocote. Fonts used were Ashley, Athena, Denise, Cabal Bold and some other decorative fonts. There are two four-color signatures in the book. The pages were produced using EliteVision and Adobe Photoshop. Pages were submitted on disk. Taylor Publishing Company is represented by Kathi Hopkins and Shannon Trial in the South Texas region.

The staff and adviser extend countless thanks to the A.C. Jones and BISD administration and staff, Bruce Harper and Mark Valdez, businesses who advertise and support scholastic journalism and the invaluable crew who works with us at Taylor - Kathi, Shannon, Liz Hernandez and all those who help us pull the book together year after year.
THE NATURE OF THE BEAST
We started the year watching Mother Nature repeatedly batter the US east coast with hurricanes. Then we watched as Martha Stewart weathered her court battle. And the climate in Iraq became hostile prior to the country’s first democratic election. But all of that seemed trivial after the December 26 tsunamis in South Asia. Not only were they the biggest news event of the year, but they rank among the most devastating natural disasters in history.

FLORIDA HURRICANES
Schools along the east coast have a hard time getting started because of hurricanes Bonnie, Charley, Danielle, Earl, Frances, Ivan and Jeanne.

ASIAN TSUNAMI
Earthquakes in the seabed of the Indian Ocean measuring 9.0 on the Richter scale trigger tsunamis all across South Asia. The tsunamis devastate villages and resorts in more than 10 countries, leaving over 280,000 people dead or missing.

WAR IN IRAQ
Major fighting continues in Iraq. As US forces try to bring democracy to Iraq, insurgents carry out a series of attacks discouraging Iraqis to vote in the country’s first democratic election.
SEARCH FOR "FORTUNES MADE..."
Google's co-founders Larry E. Page and Sergey Brin become billionaires overnight after their online search engine's stock goes public.

...THEN SEARCH FOR "FORTUNES LOST"
Not all stock market deals create billionaires. Martha Stewart was convicted of lying to investigators about her sale of ImClone Systems stock and serves a five-month prison sentence followed by five months under house arrest.

WE'VE GOT SPIRIT. HOW 'BOUT YOU!
The Exploration Rover Spirit explores Mars and discovers signs of water, which may indicate life on the red planet.

ELECTION '04
The 2004 Presidential Election had the potential to be as close and controversial as the 2000 race. Nearly 120 million Americans voted on Election Day. The highest turnout since 1988. Some states voted in line for as long as five hours to cast their vote (below). Many thought that the high voter turnout indicated a surge of support for Democratic candidates. Sen. John Kerry (left), others speculated that the nation was rallying to resist President George W. Bush (above). And after the polls closed on November 2, 2004, many Americans went to sleep without knowing who their next President would be. Ohio was "too close to call," and held 20 electoral votes, enough to bring victory to either candidate. As the votes were counted, it became evident that Bush would carry Ohio with over 100,000 votes. Wanting to avoid a repeat of the 2000 election scandal, Sen. John Kerry called President Bush the morning of November 3 to congratulate him on his victory.

Burt Rutan wins the $10 million X-prize when his SpaceShipOne travels outside of Earth's atmosphere. Can tourism in space be far behind?
FROM ANTI-HEROES TO SUPERHEROES

This year kept us rooting for the underdog at the theater. We pledged allegiance to Average Joe’s in dodgeball, we pined for Spongebob and Patrick to prevail over Plankton, and we campaigned with Napoleon to put Pedro in office as class president. The odds were stacked against Harry Potter, the incredible Parr family, and the Permian Panthers as well. Be it a big-budget blockbuster or an inexpensive indie-flick, as long as there’s a good story along the way, we’ll see our heroes through thick and thin until the credits begin to roll.

DODGEBALL
Ben Stiller strikes again, bringing the obscure sport of dodgeball to the silver screen in *Dodgeball: A True Underdog Story.*

INcredible family
Mr. Incredible and the rest of the Parr family are called out of early retirement to save the world in *The Incredibles.*

FRIDAY FEVER
In *Friday Night Lights,* football is shown to be more than just a game for the Permian High Panthers of Odessa, Texas.
FIRST DAUGHTER
Samantha Mackenzie just wants a normal college experience. But being the President’s daughter makes her life anything but ordinary.

DYNAMITE EXPLODES
After getting a lot of attention at independent film festivals, Napoleon Dynamite releases nationwide to sweet ticket sales. The high school anti-hero gets his friend Pedro elected as class president, and he’s also pretty good with a bow staff.

HARRY POTTER III
Harry, Ron and Hermione return for their third year at Hogwarts, where the teens face a dangerous escaped prisoner and the equally foreboding Dementors.

MOM, MEET MY OGRE
In Shrek 2, Shrek faces his biggest challenge yet. The in-laws. The newlyweds return from their honeymoon to find an invitation to meet Princess Fiona’s parents in the kingdom of Far, Far Away.

I, ROBOT
Will Smith keeps overactive robots in check in this futuristic sci-fi flick that asks the question “What if humans become too dependent on robots?”

BIGGER. BETTER. MORE ABSORBENT.
Moving to the big screen means more responsibilities for Spongebob and Patrick in The Spongebob Squarepants Movie. They have to rescue King Neptune’s crown and foil Plankton’s plan to steal the Krabby Patty recipe.
IT'S HOW YOU PLAY THE GAME

Every year, athletes set out to break records set in years past. This year was no different, but brought added drama. Would the mighty BoSox break the Curse of the Bambino? Would Lance win six in a row? Would the Patriots win again? These questions weren't answered without a little bit of nail-biting. Hockey and basketball fans followed Court TV more closely than ESPN this year, hoping to see an end to the NHL lockout or hear the latest on the charges pressed against NBA players after the Staples Center brawl that occurred in November. How's THAT for drama?

SUPER BOWL XXXIX
For the third time in four years, the New England Patriots win the Super Bowl by three points, this time against the Philadelphia Eagles.

HIT RECORDS
Ichiro Suzuki of the Seattle Mariners racks up a record 262 hits in a single season.

IT'S GOTTA BE THE SOX!
The Boston Red Sox stage a dramatic 0-3 comeback against the New York Yankees in the American League Championship Series. They go on to sweep the St. Louis Cardinals 4-0 in the World Series, breaking the 86-year-old "Curse of the Bambino" and bringing a collective sigh of relief to Red Sox fans everywhere.
ESPN TURNS 25

Alpha-anchor Chris Berman and the rest of the cable sports network's knowledge base celebrate ESPN's 25th birthday in 2004.

HOCKEY LOCK-OUT

NHL players and owners can't agree on financial issues, so the players stage a lockout, preventing the NHL from playing until the issues are resolved. In the meantime, many NHL stars play in European leagues.

GIRL POWER

During the 2004 X-Games, Lyn-Z Adams Hawkins wins the first women's vert ramp gold.

BASKET BRAWL

Indiana Pacers player Ron Artest faces a misdemeanor charge in the brawl between fans and players during a game against the Detroit Pistons.

FREDDY'S FOOTWORK

DC United's Freddy Adu becomes the youngest and highest-paid player in Major League Soccer. At only 15, Freddy scores five goals in his first season.

CYCLING SIX-SHOOTER

Cyclist Lance Armstrong puts his US Post Office-sponsored team in the record books by winning the Tour de France an unprecedented six consecutive times.

In 2004 the Olympic Games returned to Greece, their birthplace. A total of 10,500 athletes from 202 countries competed, a record number despite speculation of terrorist and anti-Americanism. The United States took home more medals than any other country: 103, 365 of them gold.

Me. Hamm (above), one of the most famous U.S. soccer stars, announced her retirement and blew a goodbye kiss to the crowd after her team secured the gold medal. "There are only a few times in your life when you get to write the first chapter the way you want," said Hamm about the U.S.'s gold medal.
ARTISTS ARE VARIOUS AND NEFARIOUS
Musicians often stay in the spotlight by breaking out of their mold and trying new things. This year, Sean "Puffy" Combs took the lead role in a Broadway play. Gwen Stefani took a break from No Doubt to release a solo album, and Green Day brought us their first concept album. But Ashlee Simpson's unexpected antics garnered the most attention: She was busted lip-synching on Saturday Night Live, and was later booed after her performance at the FedEx Orange Bowl.

THE GREEN PARTY
Green Day releases their album American Idiot, showing a more mature, politically-minded side than we've seen in the past.

RAISIN' THE ROOF
Sean Combs took off his VOTE OR DIE t-shirt to play the role of Walter Lee Younger in the Broadway production of A Raisin In The Sun.

USHER SWEEPS UP
R&B artist Usher wins big at the American Music Awards, MTV VMAs and Grammys.
Gwen Stefani takes a break from fronting No Doubt to release her first solo album, Love, Angel, Music, Baby. But "solo" doesn't mean "alone." she collaborates with Dr. Dre, Linda Perry, and Andre 3000 to name a few.

Ashlee Simpson follows in her sister Jessica's footsteps with a hit CD and her own reality show on MTV.

Country artist Kenny Chesney tops charts with his CD When The Sun Goes Down.

After sleeping for six years without an album, The Beastie Boys release To The 5 Boroughs, and wake up to find that they are collectively almost 120 years old!

Maroon 5 stay on tour, and stay on the iTunes "Most Downloaded" chart all year!
PLENTY OF REASONS TO STAY HOME

While there were still a slew of “Survivor-esque” reality shows on the tube this year, we also saw more and more renovation-driven reality programs as Americans took an interest in redecorating their homes or “pimping their rides.” But there was also evidence that Hollywood hadn’t written off its writers completely. Well-penned dramas like CSI: NY and Lost gave us a great escape from reality, while Comedy Central’s The Daily Show gave the nightly news a slant that caused us to laugh out loud.

BIKERS THAT BICKER

Reality renovation show American Chopper is a favorite among those who enjoy watching mechanics practice their craft, and those who enjoy seeing father and son argue while they work.

“YOU’RE FIRED” D

In The Apprentice, competition and boardroom drama escalate until one winner is given a dream job with The Trump Organization and a six-figure salary.

THE OUTLAW JESSE JAMES

Sparks fly as teams race to build hot rods and race cars in Monster Garage, hosted by Jesse James.

WATCHING THE DETECTIVES

This year CSI took their high-tech forensic investigations to the city that never sleeps in CSI: New York.
WHERE ARE WE?

JOEY

Joey Tribbiani trades "Friends" for family when he leaves Central Park behind and heads for Hollywood, where he takes his nephew under his wing.
IT'S NOT SO BAD BEIN' TRENDY
Call it hip, popular or even conformist - this year's trends were more philanthropic than in years past. A little yellow bracelet raised big money for cancer research. A healthy diet has become so popular that fast-food restaurants are doing away with their "super-sized" menu items. And Ford unveiled the first Earth-friendly hybrid SUV to the delight of tree-hugging soccer moms everywhere.

EASY TO SEE, HARD TO FIND
The first five million of these Lance Armstrong Foundation bracelets sold out quickly and start a trend that raises over $20 million in the fight against cancer.

HOODIES OFF THE HOOK
Hoodies are a cozy alternative to wearing a jacket, and they can sport your favorite band, team, or even website!

FAITHFUL READERS
NCV breaks the Bible down into easy-to-read magazine form. Revolve is for girls, Refuel is for boys.
TWO COOL FOR SCHOOL
The Olsen twins turn 18 and head for college, but not before launching a clothing line for teens. Their summer job makes waaaay more money than yours.

GAMES THAT ROCK
More and more bands are lending their music to video games. Tony Hawk's Underground wins the first MTV Video Music Award for Video Game Soundtrack.

LOW-CARB
To attract low-carb dieters, fast-food restaurants start offering tortilla-wrapped menu items.

LITTLE BOW WOW
Paris Hilton, Britney Spears, Milla Jovovich and P. Diddy have been trailblazers in the trend of teeny-tiny pocket-dogs.

MOTHER EARTH'S SUV
Ford introduces the first hybrid SUV. Using electric power as well as gas, the Escape Hybrid is more fuel-efficient and more environmentally friendly.

IT REALLY HAULS
The Dodge Magnum makes grocery-getters cool again. With a 340-horsepower 5.7-liter Hemi V-8, this station wagon hauls a lot more than just cargo!
TECH GEAR

GIZMOS, GADGETS AND GREAT GEAR!
Who says you can’t take it with you? This year saw portables get even more popular. Sony and Nintendo each released new handheld game platforms, while Tapwave released the Palm-powered Zodiac for more organized gamers. People who take their music with them had a plethora of MP3 players to pick from, and Apple released the Mac mini, a desktop computer that challenges that whole “bigger is better” philosophy. But with all these gadgets, a bigger backpack would be nice.

GIZMO TO GO
Road trips with the family are much more bearable with commercial-free satellite radio.

SIGN OF GREATNESS
The Zodiac from Tapwave combines a Palm-powered organizer with a flexible video game platform.

DOES HE DO HOMEWORK?
The Robosapien can grip, throw, walk, dance and even jump at the push of a button.
MAKES NON-STOP ROCKING POSSIBLE

Sony's new portable MP3 player is released in Japan. The VAIO Pocket is equipped with a 20 GB hard-drive, can record 13,000 songs, and boasts 20 hours of battery life! iPods everywhere tremble with fear.

PLAYSTATION PORTABLE

Sony creates a huge buzz by taking their first step in portable video games. The PlayStation Portable is released just in time to be a sweet graduation gift.

MAC MINI

Apple unveils the Mac mini, a powerful computer that promises to take up about as much space as that stack of CD's on your desk.
