The

TROJAN

Foreword

We feel that your school year of 1949 has been very enjoyable and eventful, and in the days to come you would like to recapture some of those moments that made this year so outstanding.

With this purpose in mind we have guided our efforts toward one goal — to create for you a book that will always preserve the memories of this cherished school year.

We believe that we have finally reached our goal, therefore we present for you, the result of our labor — The Trojan of 1949.

We have worked faithfully on this book, but if it brings back to you just one enjoyable thought of this school year, our efforts will be more than repaid.

Sincerely,

Your Annual Staff

Superintendent's Message

"Congratulations to the Trojan Yearbook staff." You, the entire student body and the teaching staff, are to be commended for your tireless efforts and cooperation in building and maintaining the high standards of the A. C. Jones High School.

As the years come and go, may we ever be mindful of our citizenship responsibilities. These we must conscientiously and properly discharge if we are to continue to reap the benefits of freedom.

Jack C. Cates
Superintendent

Principal

It is easy for any one to follow a beaten path. To blaze a new trail, with only an occasional familiar object to guide, is difficult but with its accomplishment comes deep satisfaction.

The entire Trojan Annual Staff, sponsors, faculty, and students have worked diligently to produce this annual. Certainly it is an annual of which to be proud.

With the courage and spirit manifested by the students and faculty, we can look to even better accomplishments in the future.

Sincerely,
J. Portwood Alley

Counselor

To assist the student through counsel to make wise choices, adjustments, and interpretations in connection with important situations in his life in such a way as to insure continual growth in ability for proper self-direction is my aim as a counselor.
