EDITOR'S NOTE

Throughout the entire year the yearbook staff and I have worked hard to publish a book to remind the students of their high school memories for the year 1998-1999.

The seniors are going to look back and remember the great times they had during this year. They will remember Prom King and Queen (Gabe Alvarado and Sarah Michael). They will remember the times and trials of friends and the guidance from teachers. I know I will never forget the memories I will have from my senior year. There is not

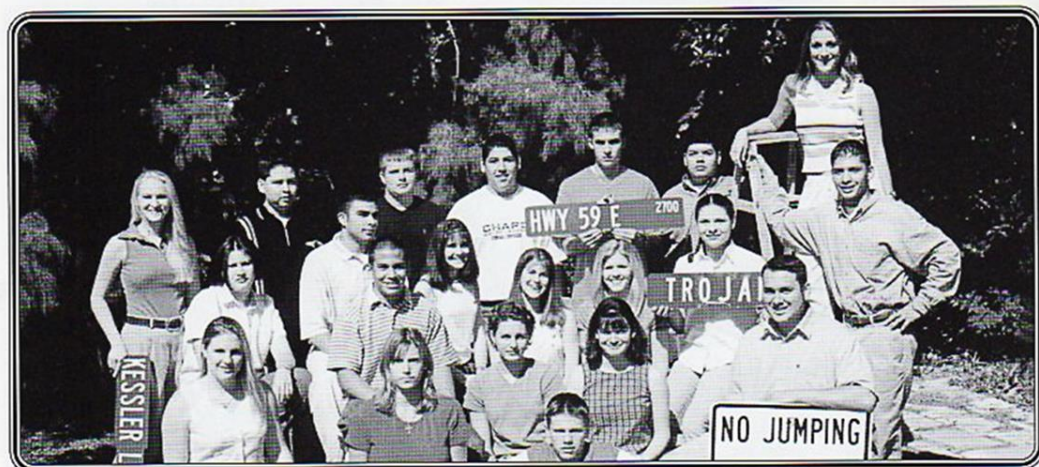

one teacher in this high school that I have had the pleasure of furthering my education that has not touched my life in some way. Mrs. Welder touched my life in Freshmen English by teaching me about life and the acts of Romeo and Juliet. Then you have Mr. Scals who taught me to be a leader in FFA and go to State Plant ID with a high head. Mrs. Duffy who was there for me in G/T program and taught me about being a "NUNU". Also Mrs. Horton who helped me to be a better writer and better myself as a student.

I would like to send a big THANK YOU out to Mrs. Snyder who has touched my life in more ways than one. Between her and Mr. Rick Dorn, these two teachers have helped me with everything in life. They have me there in times of trial and have helped me become the person I am. Without Mr. Dorn being there to teach me about Drama I could not have gone on to participate in Academic Decathlon and say a speech in front of judges or to deliver speeches in front of large groups. Mrs. Snyder is one of my best friends and I wish her all the luck in the world without her the yearbook and newspaper could not be possible. Thank you to everyone who has touched my life, you will never be forgotten. I would like to thank the entire staff this year for helping put together the yearbook this year. I know next year it will be even better and I wish all the best to next year's staff. I have enjoyed being yearbook editor this year, I have learned a lot and it was many days of fun. I enjoyed working with everyone on the staff and keep up the good work.

Seniors Rule!

The definition of NHS : National Honor Society is an organization that recognizes students who have achieved academic goals and hold a 92 average or higher. This organization involves students within community activities and school functions. They are involved in the Christmas Angels, helping out at Track meets, and doing at least three hours of community service a year. These students represent the best of what A.C. Jones High School has to offer.
